Primary Examiner, Art Unit 2883

Note: In response to the applicant's amendments submitted on 7/15/08, the examiner called the applicant On October 20, 2008 and asked whether any new matter is entered into the new claims 11-20. Mr. Rhoa responded that "there is no new matter in the new claims 11-20".

Reason for Allowance

Claims 1-20 are allowed for the following reasons:

The instant application is deemed to be directed to a nonobvious improvement over the invention patented in Pat. No. Yoshimi et al (JP 08-254682) and Ike et al. (JP 11-002808).

Claims 1- 3, 5-8 and 10-12 are allowed because the prior art of record, taken alone or in combination, fails to disclose or render obvious wherein a first substrate of the pair of substrates is an active substrate and a second substrate of the pair of substrates is a counter substrate, and wherein the first and second layers included in each of the spacers are formed on the counter substrate over at least a part of a black matrix layer so that portions of the first and second layers, in at least a part of areas where the first and second layers do not overlap, are substantially coplanar in combination with the rest of the limitations of the base claim.

Claims 4 and 13-16 are allowed because the prior art of record, taken alone or in combination, fails to disclose or render obvious a transparent electrode layer is formed

Art Unit: 2883

between the first layer and the second layer in combination with the rest of the limitations of the base claim.

Claims 9 and 17-20 are allowed because the prior art of record, taken alone or in combination, fails to disclose or render obvious wherein the formation of the spacers further includes the step of forming a transparent electrode layer between the step of forming the first layer and the step of forming the second layer in combination with the rest of the limitations of the base claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
